1.- PURPOSE

The purpose of **CORTE FINAL** is to provide support to independent documentary feature films which are remarkably auteur and creative in nature, and which are currently in an advanced state of editing -rough cut- or postproduction, by:

- Creating a space for reflecting on the projects and their different states of production, thus contributing to their quality and, therefore, to their future career.
- Putting into motion a series of professional consulting sessions that might help these films get completed under the best possible conditions.
- Promoting and encouraging investment in these films by granting an award that will go toward the final phase of the winning film.
- Providing productive and helpful meetings between the participating directors and producers and various professionals in the Spanish and international sector, such as possible co-producers, film curators, distributors and editors.
- Foster collaborative network-building among all the professionals in attendance, including the participants themselves, which will serve indefinitely as a feedback loop.

Any Spanish production or co-production film in an advanced phase of editing, the filming of which has already been completed or is in its final stages, and for which there is a rough cut that meets the conditions of these rules and regulations, shall be eligible to participate.
